**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1, 3-5 and 7-10 are allowed. The following is an examiner's statement of reasons for allowance: Although the prior art of record shows similar latch mechanisms none show applicant's concept of a release lever having a slot and an inertia lever having a tab where the tab engages the slot in a normal positions and disengages the slot to block motion of the release lever during impact. The prior art of record shows slot and tab engagement but does not show the engagement in the positions as claimed and are often opposite to the claimed language. The examiner can find no reason to combine or modify the prior art without the use of hindsight or without destroying the prior art reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KRISTINA R. FULTON whose telephone number is (571)272-7376. The examiner can normally be reached on M-TH 7-6.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Cuomo can be reached on 571-272-6856. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
